"Brick By Brick"

People are so sad and I know why
With no chance to live before you die
You get pretty sick if you hafta
Keep it inside

I wanna build a house where an ad don't scream
I wanna live in peace-quietly
I wanna have a place of love and safety
People oughta live how and where they want
People oughta have respect in front
People oughta get along pretty O.K.

CHORUS

So get off my dick
I'm building it brick by brick
Brick by brick

I'm building a house where I can think
And have some balance and dignity
I'm building a house where no one can hurt me
I'm building a house where the weak are strong
I'm building a house with a real song
I'm using faith that is immortal
I'm building it with simplicity
and the way that we feel, you and me
I'm building it with what I believe in

CHORUS

Now I'm looking at just a little time
So be it-I want to
Be true to my simple heart
And not put nothing else above it
Brick by brick
Brick by brick
Brick by brick
Brick by brick
Brick by brick by brick
