(John Hiatt)

Sometimes I don't even move a muscle  
Baby while you lie awake all night  
I think I've got 9 lives in these corpuscles  
Girl, you know sometimes I don't think right

I hear voices in the hall  
I wake up and it's nothing at all  
A hungry wolf-an angry child  
Or something wild  
Something wild  
Something wild  
Something wild

It's not as if we could think that things  
Was one way  
Or they would all just be that way right now  
When I was a kid I thought that some day  
I could tame this lion heart some  
Way, some how

Now I'm hungry for the love  
That doesn't know what it's thinking of  
Searching for the meek and mild  
Like something wild  
Something wild  
Something wild  
Something wild

There's a hole where the wind blows through  
And some curtains too  
But I can't hide a thing from you-  
You know where I'm comin' from  
Well I tried gettin' there under my own steam  
But my very last chance was shot  
Now you're ridin' me down like a submarine  
I can feel you in my veins, runnin' hot  
I went out and stole a new pair of shoes  
Some pocket money and a place to go  
Now we gotta get up and scream at the

Top of our lungs like it was gonna die  
If we didn't make it so  
I hear voices in the hall  
I wake up and it's nothing at all  
A hungry wolf-an angry child  
Something wild
