As I recall my destination
wasn't handed to me at birth.
I would strole the streams and pavement
just to find my piece of earth.

Looking for a confirmation,
that the way I chose would come
to an end that would provide me
with some comfort for my mom.

It's all for and its call to this nation
that I know I will have to face
but I just hope to use the back door
to sneak in and find my pain.

So I fall into my own creation,
if you like it and if you don't.
Well its my home and its my comfort,
Its my whole and its my hurt.

Well It just took the time to find me
and I won't be letting go.
It's the only thing that keeps me here,
It's the only thing I know.

As I recall my destination
wasn't handed to me at birth.
I will strole the streams and pavement
just to find how much I was worth.

Looking for your confirmation,
Looking for you to hold
So I can let this fascination
not grow old like you.

All the things in the wolrd she said (X99999)

I could be all that I ever intended,
I could be four times the man that I am.
I could be free from the search to fulfil myself,
and be free from this race I'm in.

I could be drawn to the founds of the making,
I could be peeled from the wall of my cell.
but it won't solve the fact that I'm aching,
cause I miss at will.
