You're just a baby, baby girl  
So kiss me on the cheek and then go off to school  
You're just a baby, baby girl  
So kiss me on the cheek before you know what's cool  
You will be leaving in the morning  
And I won't be there to see you go off your head, yeah  
You will be working in the morning  
And I won't be there to see you go off your head

There must be a reason for all the looks we gave  
And all the things we never said before  
So what's the score?  
Cause there must be a reason for all the looks we gave  
And all the things we never said before

You're just a baby, baby girl  
So kiss me on the cheek before you know what's sweet  
You're just a baby, baby girl  
So kiss me on the cheek before you go to sleep  
You will be working in the morning  
And I won't be there to see you go off your head  
Yeah, you will be crying in the morning  
And I won't be there to see you go off your head

Refrain

You're just a baby, baby girl  
So kiss me on the cheek before you go to sleep  
You're just a baby, baby girl  
So let go of my hand so we can get some sleep  
You will be crying in the morning  
And I won't be there to see you go off your head  
Cause you will be married in the morning  
And I won't be there to see you go off your head

Refrain

So what's the reason for all the looks we gave  
And all the things we never said  
before....before....before...before...
