Ahora cantare una cansi?n  
Para los guapos latinos

An Italian stallion one day came my way, I got addicted  
what can I say  
A "muy macho" with long black hair, I couldn't help but  
stop and stare  
There was the king of salsa, numero uno  
I got myself togetha and walked up to the fella

Hola guapo, ven aqui y dame lo que necesito  
Porque tu manera de bailar me vuelve loca

Latino lover with Brazilian eyes  
Knocks me off my feet and makes my life complete  
Latino lover I've found my paradise, latino lover

He got me hooked oh "hombre" sweet, moving his hips  
to that lambada beat  
My dream was complete but I got shocked, as heading  
for home my door was blocked  
Three dark se?oritas, a whole lady clan  
They were screaming load in anger: don't mess with  
our man

Carlitos, carlitos donde vas, no me digas que te vas  
Con las chicas petizas

Latino lover with Brazilian eyes  
Knocks me off my feet and makes my life complete  
Latino lover I've found my paradise, latino lover
