We're so fly we're so fly we're so fly we're so fly
We're so fly we're so fly we're so fly we're so fly
We're so fly we're so fly we're so fly we're so fly

Air force i pay them on the ..look how far that we've
come
.. bases getting stronger and the .. for ym sense
getting longer
The ..insane we're flagging the .. is screaming our
names
so we're knowin nasty ..is so ..make a brain we're so fly
so fly
..meet my eyes gonna cry 'cause i love it so pure
and i'm ..the chain crown me but i rise above it
My ghost .. but i'm rocking they hate ..
the knockin the rule that ..get it
next time you say something know we're so fat
i cut in your second ..

Chorus:

Air Force we're so fly so fly so fly
And we sing it till we no .. no ..
No we ain't telling no lies, no lies,
see the .. so high, so high
so fly see us we go by
We're so fly you're gonna see us when we go by
We're so fly you're gonna see us when we go by
we're so fly we're so fly we're so fly we're so fly
we're so fly we're so fly

The wings around hope me flyin ..
How you'd go ..to ask cold
It ain't happen to me is just no ..
Be careful 'cause it can climb on if you act slow
the girls can come a fly peace of machinery
and it's musical chance to see..
all my friends get lost i wish that you could be here with
me
so pop the ..gloss i'm so ..and i don't' know what other
people say
you're so busy, i'm in the .. girls and make em go ..

'cause i can flash ..it will catch but no ..
let me tell about my flagness
i get the world through the ..
And i'm never throw .. i'm so fly you know why cause
i'm Air Force

Hook:

Air Force we're so fly so fly so fly
And we sing it till we no .. no ..
No we ain't telling no lies, no lies,
see the .. so high, so high
so fly see us we go by
We're so fly you're gonna see us when we go by
We're so fly you're gonna see us when we go by
we're so fly we're so fly we're so fly we're so fly
we're so fly we're so fly

I think i'm slacking with the pride if i actually ..
After be the .. is no more ..
Practically the fly is my ..diamonds
Open up..if there nowhere ..and text now
I'm ..holding on a .. friends proud
Wow i swear the atmosphere was finer than
The guys clean in the fly .. never see the ..
.. pretty fly .. we deceive and .. yeah i wanna be some ..
i won't let them get the pie
..for you to see them girl
You might see in the sky ..

[Hook:]
