

Pop Will Eat Itself "Let's Get Ugly"

Visit "[Let's Get Ugly](#)" on MotoLyrics.com

At the third stroke, the time sponsored by Accurist will
be
Time to get ugly

Hot as hell
Hot hot, hot as hell
Hot as hell
Hot hot, hot hot, hot as hell

She says I'm a bum, she says I'm a rogue
It's my style, my third rate backstreet vogue
She says that I'm fat, I say that she's thin
It's 1987 and ugly is in

If we're in your street, all girls and guys
Will run like hell for hair and hide
So don't get down if you're not so lovely
It's 1988, time to get ugly

Should be a crime to be that ugly
She's a real ugly lady, U
The ugliest in the world, G
You know I don't mean maybe, L
So won't somebody tell me, Y
It should be a crime to be that ugly

Ugly, oh yeah, she's my ugly girl
Ugly, oh yeah, tailor-made for another world
Ugly, oh yeah, seems to wear it well
Ugly, oh yeah, we suit each other well

Hot as hell
Hot hot, hot as hell
Hot as hell
It's hot hot, hot as hell

She likes to get down, she likes to get dirty
We like to fool around like Pinky and Perky
A roll in the mud, never hurt this pig
It's 1989 and ugly is in

We steal our style from the bargain bin

A style pig sty is the state we're in
So don't get down if you're not so lovely
It's 1990, time to get ugly

Should be a crime to be that ugly
She's a real ugly lady, U
I mean ugly, ugly, urghhh, G
You know I don't mean maybe, L
So won't somebody tell me, Y
It should be a crime to be that ugly
Hot as hell

Ugly, oh yeah, she's my ugly girl
Ugly, oh yeah, tailor-made for another world
Ugly, oh yeah, seems to wear it well
Ugly, oh yeah, we suit each other well

Rock man, rock
Yo
Go
Do one more

Ugly, oh yeah, she's my ugly girl
Ugly, oh yeah, tailor-made for another world
Ugly, oh yeah, seems to wear it well
Ugly, oh yeah, we suit each other well

Hot hot, hot as hell
And it should be a crime to be that ugly
Ugly
Ugly
Ugly

Ugly
'Cause she is ugly
Ugly
Ugly

Ugly, ugly, ugly, ugly
Ugly
Ugly, ugly, ugly, ugly
Ugly

She is so ugly
Ugly
You, re so Ugly
Ugly
It's hard to be ugly

Precisely
