Smoking crack and gak attacks you had to try smack
You seek a blowback to get your payback
To jack is wack, it's like you wear a mask

Smoking crack and gak attacks you had to try smack
You seek a blowback to get your payback
To jack is wack, it's like you wear a mask
That's you, that is, love

Get your payback, get your blowback...

Smoking, smoking, smoking
You wear a mask

Get your payback, get your blowback...

You wear a mask...

That's you, that is, love
Look in the mirror, love
That's you, that is, love
You wear a mask

Somebody's got to get the message through
To have a word and put a sledgehammer through you
Somebody's got to get the message through
Someone, somehow, someday

That's you, that is, love
Look in the mirror, love
That's you, that is, love
You wear a mask

That's you, that is
Look in the mirror
That's you, that is

Get your payback, get your blowback...
