Get up, get out!  
(No relation)  
Get up, get out!  
Are you in or out, or in or out?

That way someday you may want to go  
Fools pray that way, you can lay low  
Easy cop out, stay in and take-out  
You'll get snowed in, I got no time

Big G, Little G, he don't wanna go  
Out that way a lame and tame show  
If G Squad want me, they're going to have to say so  
You may want me, but I don't want know

Get up, get out!  
Are you in or out, or in or out?

Say G, you've been acting like a brother  
(Like a brother)  
No way, man, you ain't nothing but a 'mutha  
Huh! Another 'nother 'mutha

The shine of your shoes ain't nothing new  
But if you lose the clues then I guess you're through

Cut down like a vegetable  
By a hard kickin' mutha who's an animal

Are you in or out, or in or out?

Big G's happy, took another bite  
Little G's angry, spoiling for a fight  
His roots got ripped out, Little G flipped out  
Shaking like a shitting dog, he couldn't work it out

Little G, Big G, R.S.V.P, I'm throwing at your window  
Can you see me, hear me?  
G's Squad want me, they're going to have to say so  
You want me, but I don't want know

You can be what you wanted to be  
You can be what you wanted to be  
You can be what you wanted to be  
You can be what you wanted to be  
You can be what you wanted to be  
You can be what you wanted to be
