[a) Winding Shot (Summer 1981)]

If you fall asleep with me  
You can dream and drowse  
The minutes turn to hours

We could climb a tree or two  
And watch the sun go down  
Upon our sleepy town

After all the time I spent with you  
Summer went away  
And we just weren't the same

It's just you and me alone  
Not grown ups but not kids  
You kissed me on the lips

[b) Last Chance to Evacuate Planet Earth Before It Is  
Recycled]

[instrumental]
