Written by Steven Wilson

The moon shook and curled up like gentle fire  
The ocean glazed and melted wire  
Voices buzzed in spiral eyes  
Stars dived in blinding skies

Stars die. Blinding skies.

Tree cracked and mountain cried  
Bridges broke, window sighed  
Cells grew up and rivers burst  
Sound obscured and sense reversed

Idle mind and severed soul  
Silent nerves and begging bowl  
Shallow haze to blast a way  
Hyper sleep to end the day
