I'm looking to the life
The words falling out
the disco ball and it's going around
say "ohhh" I say "oh"
The stars shinning bright and I twinkle in your eye
and if you know what it's right
Pull a wish from the sky
say "ohhh" I say "oh"

I think about you
Can't dream without you
I always want more
Transe to the dance tune
under a full moon
And freeze in time

I think you know
Tonight is the night
Gonna touch you, taste you, tease you show you
what I've been waiting for yeah yeah
Sugar cube
Tonight is the night
gonna make you, take you, face you, shake you right
down to the dance floor

bump it, break down
bump it, break down

What comes up must come down
Tension on the ground and the place shut down
say "ohhh" I say "oh"
The time has come
and we're not done
we'll stay up all night untill we see the sun
say "ohhh" I say "oh"

I think about you
Can't dream without you
I always want more
Transe to the dance tune
under a full moon
And freeze in time

I think you know
Tonight is the night
Gonna touch you, taste you, tease you show you
what I've been waiting for yeah yeah
Sugar cube
Tonight is the night
gonna make you, take you, face you, shake you right
down to dance floor

I think you know
Tonight is the night
Gonna touch you, taste you, tease you show you
what I've been waiting for yeah yeah
Sugar cube
Tonight is the night
gonna make you, take you, face you, shake you right
down to dance floor
Always wanting me to say
Always wanting me to say
You'll always want me
always want me

Always wanting me to say
Always wanting me to say
You'll always want me
always want me
ooooh

Sugar cube
Tonight is the night
gonna make you, take you, face you, shake you right
down to dance floor

I think you know
Tonight is the night
Gonna touch you, taste you, tease you show you
what I've been waiting for yeah yeah
Sugar cube
Tonight is the night
gonna make you, take you, face you, shake you right
down to dance floor

I think you know
Tonight is the night
Gonna touch you, taste you, tease you show you
what I've been waiting for yeah yeah
Sugar cube
Tonight is the night
gonna make you, take you, face you, shake you right
down to dance floor
