(Rawr)
(Whiskey and cigarettes)
Hey hey

I'm not a bad girl
You're just a prude
You're a little bitch
And I'm straight up rude

I keep it blunt while you beat around the bush
You like to hug and baby boy I like to push

You don't have to like me
'Cause I don't like you
You're too beige and
I need black and blue
I want it black and blue

I wanna boy that tastes
Like whiskey and cigarettes
So who's it gonna be
Who's gonna be next

He strokes my kitty cat
Just like it's his pet (Rawr)
That's how I get the boys
I get 'em obsessed

So who's next
Who's next
Oh ah oh ah ohhh
Hey hey

Who's next
Oh ah oh ah ohhh
Hey Hey

On a whiskey diet
Only happy when I'm starving
Vicodins are my vitamins
Slutty when I'm lethargin'

Black rainbows are our Halos
Bustin' faces with our elbows
Trainwrecks got you comin'
Kid, I know I got you buggin'

You don't have to like me
'Cause I don't like you
You're too beige and
I need black and blue
I want it black and blue

I wanna boy that tastes
Like whiskey and cigarettes
So who's it gonna be
Who's gonna be next

He strokes my kitty cat
Just like it's his pet (Rawr)
That's how I get the boys
I get 'em obsessed

So who's next
Who's next
Oh ah oh ah ohhh
Hey hey

Who's next
Oh ah oh ah ohhh
Hey Hey

Word on the street is
I'm out of control
But that's 'cause I am

'Cause I'm totally rock and roll
(Whiskey and cigarettes)

Hey hey

Totally rock and roll
(Whiskey and cigarettes)

Hey hey

I wanna boy that tastes
Like whiskey and cigarettes
So who's it gonna be
Who's gonna be next

He strokes my kitty cat

Just like it's his pet (Rawr)
That's how I get the boys
I get 'em obsessed

I wanna boy that tastes
Like whiskey and cigarettes
So who's it gonna be
Who's gonna be next

He strokes my kitty cat
Just like it's his pet (Rawr)
That's how I get the boys
I get 'em obsessed

So who's next
Who's next
Oh ah oh ah ohhh
Hey hey

Who's next
Oh ah oh ah ohhh
Hey Hey

Who's next
Oh ah oh ah ohhh
Hey Hey

Who's next
Oh ah oh ah ohhh
Hey Hey
