Now baby says I'm tearing her down  
shoulder to shoulder  
I hold her too lightly  
and baby says,  
"baby, your kiss don't do anything"

oh sweetness, all I need is a brand new heart  
it's old and it's cold and it's no longer golden  
and baby says,  
"baby you're right, but that's no excuse"

and my baby says,  
"it's a lie, it's a cop-out and I know you know I know why  
you won't try, cause you're scared and you're weak  
and you don't give a fuck about me  
and I do believe that you hate yourself  
and I knew you'd never stay forever  
holding it together, making songs for me  
and all right, forever on your side  
oh it's only time  
it's longer than you think."

and baby says, "this house was a home  
it's worn and it's torn  
and it holds only your ghost."  
and baby says,  
"baby you're cursed, oh why can't you see?"  
oh sweetness, all i need is a brand new head  
clear without fears and it knows only your name  
and baby says,  
"baby you're right but you never win."

and my baby says,  
"it's a lie, it's a cop-out and I know you know I know why  
you won't try, cause you're scared and you're weak  
and you don't give a fuck about me  
and I do believe that you hate yourself  
and I knew you'd never stay forever  
holding it together, making songs for me  
and all right forever on your side  
oh it's only time

it's longer than you think.

"and I knew you'd never stay forever  
holding it together, making songs for me  
and all right, forever's on your side  
oh it's only time  
it's longer than you think."

and she says, "it's a cop-out and I know you know I  
know  
(I know you know, I know you know)"
