[Verse 1]

Girl I need to drop you  
Because on the real, you're too high school  
Yelling on my voicemail  
Why you gotta be so hostile  
I'm looking for a love life  
You addicted to them club lights  
Way you're always in my face though  
Man it's almost like you love fights  
By the way, I hate your guy friends  
Did you have to invite them?  
Actually, your girls too  
Chickenheads, never like them  
Why the hell you always broke boo  
But always got a pair of dope shoes  
Oh, you need to borrow money right?  
Girl you're turning into old news

[Hook x3]

I need a new chick

[Verse 3]

Why we never have sex, yo  
Can I get some head though  
You know a man has needs  
Bullshittin' about strep throat  
Got me feeling mad stressed  
Always bringing up the past tense  
Now I understand your last ex  
And why he bounced like a bad check  
Feeling frustrated, looking for an upgrade  
Current situation got me boiling in my blood veins  
Out to find a new chick  
Down to earth, cool chick  
Have a future with her, start a tribe like Q-Tip  
I could be your Phife Dawg love  
My last chick ain't even know who Phife Dawg was  
I was like "Oh, what?"  
How we gon' get along

If you don't know any songs on Midnight Marauders  
But your iPod's looking so straight  
Going down your playlist, think I found my soul mate  
It's been only four dates and you're so much cooler  
Why the hell did I wait, should've broken up sooner  
Damn  
I never knew a love like this  
My last girl never showed me love like this  
She ain't never go to my shows or bump my shit  
But you, you love my shit

[Hook x3]

[Outro]

On and on this shit goes  
The homies tell me go on and leave her alone  
I'll be god damned, she got the best dome  
Back and forth in my ear  
Always on the verge of bursting in tears  
Even got the nerve to flirt with my peers  
But you got the best dome
