Linton Samuel Dawson
Lives in inner space
He hangs around with a circus troupe
Outside the human race

Linton Samuel Dawson
Has just reached 25
Artists travel from outside time
Just to see his rainbow jive

He's bored, he's bored
He's bored, he's bored

Linton Samuel Dawson
Yields his knowledge in a phial
A vivid play on an emerald day
Is experienced in his smile

Linton Samuel Dawson
Visits many open minds
He aids escape to tranquility
From the boredom of mankind

Boredom, boredom of mankind
Boredom of mankind
From the boredom, from the boredom
From the boredom of mankind

From the boredom of mankind
From the boredom of mankind
From the boredom of mankind
