

Porcupine Tree "Sleep Together"

Visit "[Sleep Together](#)" on MotoLyrics.com

This means out
This is your way out
Do or drown
Do or drown in (??)

Leave no trace
All my files erased
Burn my clothes
Burn my Prada (??)

Let's sleep together
Right now
Relieve the pressure
Somehow
Switch off the future
Right now
Let's sleep forever

This is fate
This is your escape
Leave here now
Leave here, now it's over

Let's sleep together
Right now
Relieve the pressure
Somehow
Switch off the future
Right now
Let's sleep forever
