The moon shook and curled up like gentle fire  
The ocean glazed and melted wire  
Voices buzzed in spiral eyes  
Stars dived in blinding skies

Stars die  
Blinding skies

Tree cracked and mountain cried  
Bridges broke and window sighed  
Cells grew up and rivers burst  
Sound obscured and sense reversed

Stars die  
Blinding skies

Idle mind and severed soul  
Silent nerves and begging bowl  
Shallow haze to blast a way  
Hyper sleep to end the day

Stars die  
Blinding skies
