Lyrics: Alan Duffy / Music: Steven Wilson

Riding on a unicorn
Stranded in my mind
Electric raven met me there
To see what we could find

Strange days
Incredible days
Bring all my children to me
Strange ways
Incredible ways
On a dark stars endless journey

Endless realms of fading dreams
Lies stranded with the past
We climb up on the wind of change
We say "You know the joke's on you"
Strange days
Incredible days
Bring all my children to me
Strange ways
Incredible ways
On a dark stars endless journey

Strange days
Incredible days
Strange ways
Incredible ways
