Got some bad shit  
Then I walked the beach in Venice, oh!

I went outside  
I been in too long  
I went outside  
For some inspiration  
Did the G-O  
Did the No-Go  
There were stars  
There were flies  
Even the flies dropped like...  
What does a fly drop like?  
Stars

Oh, but I didn't slow down

I went outside  
I thought I was a Chinese blues player  
Outside  
I've been in too long  
Did the G-O  
And then I did the No-Go  
There were stars  
There were flies  
Even the flies dropped like...  
What do flies drop like?  
Like stars

But I didn't slow down  
I didn't slow down  
I didn't slow down  
Never went down  
I didn't slow down

Stars!  
Stars
