Man pulls hair
Holds the mouth
Of the girl
She wants him
Pull her hair
Hold her down

Dominate her!
Dominate her!
Dominate her!

It ain't a woman that beat him down
Wait a few years and gets her back
Puts his little baby back on the rock

Dominates her!
Dominates her!
Dominates her!

She was molested by her father at the age of three and
a half
Made her into a liar
He always liked to fantasize
They fell in love
They fell in love

Man loves a woman
More than she knows
How he shows
Needs to try
Break her spirit
For his heart
Goes:

Dominate!
Dominate!
Dominate Her!
