I met a girl  
Who'd never had  
An orgasm  
I couldn't believe  
She'd never had one  
I said, "sit back  
And get yourself relaxed"

You looked so good  
So good  
So good  
So good  
You looked so good to me  
So good to me

She thought that I  
Was just the one  
She said, "I know  
That you could do it"  
She had to know  
Got curious  
What it was like  
Enough to trust me

You looked so good  
So good  
So good  
So good  
You looked so good to me  
So good to me

You looked so good  
So good  
Oh so good  
So good  
You looked so good to me  
So good to me
