(Verse 1)

I see your life, I see your life falling
You blew from a different space
What a special place, In Arms

Your lips they bleed,
They're lying there for you
So where did you go a day,
'Threw it all away, In Arms.

(Chorus 1)

They can hear me when I cry,
Are you strong enough to try?
'Many roads you've got to cross
It's your chance, your will, your loss;
Take me back home.

(Verse 2)

The man will creep,
The night screams forever
And now you can kiss the sky,
Did you even try? In Arms

Your lips they breath,
You speak without callin'
So where did you hide today,
Did you run away, In Arms.

(Chorus 2)

They can hear me when I cry,
Are you strong enough to try?
'Many roads you've got to cross
It's your chance, your will, your loss

All the times you never say
The pain, the fear in me
Won't you cross within your blame?
Now come on, call in the flames.

[Guitar Solo]

(Chorus 3)

They can hear me when I cry,
Are you strong enough to try?
'Many roads you've got to cross
It's your chance, your will, your loss;
Take me back home,
Take me back home.
