Baby youre solid gold  
Baby youre solid gold  
Shine forever, cant wait till tomorrow

I want you baby  
Maybe tonight I'll take you far away  
I see you dancing  
Shining like a jewel

Burning for love  
In the golden light of love inside  
You're my prize, my heaven,  
You're my precious fire for me

Baby you're solid gold  
Reaching out, I don't wanna let you go  
Baby you're solid gold  
Shine forever, can't wait till tomorrow  
Baby you're solid gold  
Reaching out, I don't wanna let you go  
Baby you're solid gold  
Shine forever, can't wait till tomorrow

I need you baby  
Crazy for you and all the things I do  
Feel like romancing  
We were meant forever

Ill take you far away  
Shining like a jewel
