I woke up this morning  
There's no way you could have told me  
We'd no longer be in love  
Some harsh words were spoken  
Then I said a few things that I did not mean  
And you took me at my word  
And sometimes we may disagree  
But you bring me all your sunshine  
Jealousy might get the best of me  
Still, you bring me all your sunshine  
No shades of gray standing in our way  
Because you bring me all your sunshine  
'Cause your love's true and you get me through  
And you bring me all your sunshine  
Life is kind of funny  
One minute everything around you  
Seems to go your way  
But I am lost without you, honey  
I want to take back what I said to you  
'Cause I can't go another day  
'Cause sometimes we may disagree

But you bring me all your sunshine  
Jealousy might get the best of me  
Still, you bring me all your sunshine  
No shades of gray standing in our way  
Because you bring me all your sunshine  
'Cause your love's true and you get me through  
And you bring me all your sunshine  
And I can't go another day  
I don't want to be without you, baby  
I know we can  
We can work it out  
We can work it out  
Don't you want to talk about it?  
'Cause sometimes we may disagree  
But you bring me all your sunshine  
Jealousy might get the best of me  
Still, you bring me all your sunshine  
No shades of gray standing in our way  
Because you bring me all your sunshine  
'Cause your love's true and you get me through  
And you bring me all your sunshine  
You can talk to me  
I want to talk to you  
You can talk to me  
We can work it out

Don't you want to talk about it?

We can work it out
