Friends ask how I'll get along without you they say it's
so sad we're apart
I have to agree that I don't seem like me I'm havin' a
ball with my heart
Anything's better than nothing nothing's not too much
to lose
Anything's better than nothing nothing's what I have
with you

I've got to admit that it hurts me I don't like to fight or
to fuss
But now you and me are just happy we're free and
everyone's crying but us
Anything's better than nothing...
[fiddle - ac.guitar]
It really must be disappointment to see love and dream
turn to smoke
I can't blame my friends when their teardrops begin
I once thought that love made a home
Anything's better than nothing...
Nothing's what I have with you...
