My baby left me this morning
Wore her brand new walking shoes
I don't know where she is going
Everything she touches is the blues.

Wonder what she'll name our baby
Someone else is helping her to choose
I only know my heart is broken
Everything she touches is the blues.

Yes, my baby left me this morning
Wore her brand new walking shoes
I don't know where she is going
Everything she touches is the blues.

Everything she touches is the blues...
