You know I love you and I always will I know you're  
married but I love you still  
The day I met you my heart spoke to me it said to love  
you through eternity  
Now knowing that you were another's bride  
I vowed I'll always be close by your side  
You know I love you and I always will I know you're  
married but I love you still  
[ el.banjo - fiddle ]  
You broke a heart dear that would die for you I'd give  
this world dear to belong to you  
The game is over now and we've both lost a broken  
heart will have to pay the cost  
You know I love you and I always will I know you're  
married but I love you still  
I never would have made that sacred vow if I had only  
know what I know now  
There's room for only you in my heart so close together  
yet so far apart
