"I Should Be With You"

Last night I met an old love and just to pass the time
We did some other things we used to do
But as I held her in my arms this thought ran through
my mind
Oh, I should be with you.

I held her close but that old thrill I used to know was
gone
I kissed her lips and then I knew why everything was
wrong
I couldn't win my conscience this thought kept coming
through
Oh, I should be with you.
