

Porter Wagoner "I Want To Live Again"

Visit "[I Want To Live Again](#)" on MotoLyrics.com

We stopped living when our love died
And I wanta live again.

Our love grew cold a long time ago
We both know love is gone
Yet we stay together
We just keep hanging on.

It's wrong to live together
When our love has reached an end
We stopped living when our love died
And I wanta live again.

I wanna be kissed like I used to be
Thrilled like I used to be
Loved like I used to be
I wanta live again.

I wanna be kissed like I used to be
Thrilled like I used to be
Loved like I used to be
I wanta live again.

--- Instrumental ---

Each time we kiss we search for love
That used to fill our hearts
But it's all wrong the thrill is gone
We're just too far apart.

We live a life of loneliness
Each day that we pretend
We stopped living when our love died
And I wanta live again.

I wanna be kissed like I used to be
Thrilled like I used to be
Loved like I used to be
I wanta live again...
