Visit "[Nothing Between](#)" on MotoLyrics.com

Nothing between lost love and lonely just a few broken
vows and a million old dreams
The days are so long and the nights last forever
When you live day to day with nothing between
Once we were close there was so much between us
When love filled our world as we planned and we
dreamed
Then something went wrong now we seems like
strangers
So far apart with nothing between
[steel]
Nothing between your love and my love no plans being
made to fulfill our dreams
We don't speak love words anymore like we used to
Something is wrong there's nothing between
It's just a short walk from love to lonely with no
happiness anyplace to be seen
You're still here with me though many miles separate
us
Your heart and mine has nothing between
