Life has dealt us our fair share of pain along the way
And many dreams have withered on the wine
But dreams are all such fleeting things and happiness
is now
We'll just live our lives one day at a time
In all the stormy weather love has always seen us
through
Happiness is knowing that you're mine
Why worry about tomorrow for tomorrow may not come
We'll just live our lives one day at a time
Just one thing I'm learning you take life as it comes
Each day is just a gift so don't be blind
Tomorrow may bring gladness or a little bit of sadness
We'll just live our lives one day at a time
[guitar]
We may not have a fortune making plans to change the
world
We may leave little marks in life's design
But as long as we're together every hour is filled with
love
And we'll just live our lives one day at a time
Just one thing I'm learning...
We'll just live our lives one day at a time
