Tomorrow be payday tomorrow be payday  
It's gonna be payday in Lowcane gonna take my money  
to town  
I worked like a donkey climbed trees like a monkey  
It's gonna be payday in Lowcane gonna chase all  
women around.

Eat black eyed peas and fried banana smoke big cigar  
from Havana  
I'll be king of Louisiana son of a gun  
I'll find me a sweet little honey we'll make love till it  
ain't funny  
Have big time till all of my money's gone.

Tomorrow be payday, tomorrow be payday  
It's gonna be payday in Lowcane  
Gonna take my money to town  
Gonna chase all women around.
