Oh, Thou blessed rock of ages  
I am trusting Lord in Thee  
Keep me till my journey's ended  
Till Thy blessed face I see.

(Hide me, oh blesseed rock of ages  
Hide me till Thy blessed face I see  
Thy face I see, oh glory)  
When the storms around me rages  
Rock of ages hide Thou me.

(When my journey is completed, is completed  
Saviour and there's no more work to do  
No work to do, oh blessed Saviour, guide my weary  
spirit  
Weary spirit in that happy land beyond the blue.)

Hide me Thou blessed rock of ages  
Till Thy blessed face I see  
When the storms around me rages  
Rock of ages hide Thou me...
