She walks in my mind like the shadow someone speaks
her name and she appears
I can see her face in total darkness oh she's
everywhere
She left a memory I can't forget and a picture of all her
loveliness
I still smell the fragrance of her perfume in the air oh
she's everywhere

She waits in the corners of my mind and in the stillness
of the night she walks around
Sometimes the memory's so real that I reach for her oh
she's everywhere
She left a memory...
Oh she's everywhere
