Sleep sweet and deep visit me for awhile
Sleep come over me let me rest and dream awhile

Of two young lovers making plans of dreams
I dreamed when dreams began of things that could
And should have been before the eternal sadness
moved in

Sleep take over me set me free to dream awhile
Of sunlight shining in her hair of days with laughter in
the air
Of my world of sweetness again before the eternal
sadness moved in

Sleep sweet and deep let me rest and dream awhile
Let me rest and dream awhile
