

## Porter Wagoner "Something To Reach For"

Last night in the arms of a stranger I tried losing your  
memory  
But she was just something to reach out for when I  
needed your arms around me  
And being with her only told me how much that I really  
love you  
And she was just something to reach out for when I  
needed my arms around you  
Constantly reaching for something to lean on someone  
to comfort me since I've lost you  
Reaching for something but knowing that nothing or no  
one could ever get me over you  
And she was just something to reach out for when I  
needed my arms around you
