Wakin' up the crowd wakin' up the crowd  
Everybody's havin' fun we're wakin' up the crowd  
Wakin' up the crowd wakin' up the crowd  
Everybody's dancin' now we're wakin' up the crowd

Now all you boys that sittin' round don't pass up this  
chance

Wrap the gal that's next to you get on the floor and  
dance

Now's the time to show her off and make her feel so  
proud

Cause everybody's dancin' now we're wakin' up the  
crowd

Wakin' up the crowd...

[ guitar ]

A while ago when I came in was a sight to see

Oh everybody looked so sad I thought oh mercy me

When the band stuck up a tune to get it good and loud

Cause everybody's dancin' now we're wakin' up the  
crowd

Wakin' up the crowd...
