You and me and her and him must get together and
see if maybe we can find a way
To put an end to hurting one another
Cause he don't know and she don't know how much we
hurt each day
It's not fair and you and I both know it to have to hide
and love the way we do
The time is now that we must get together her and him
me and you
[el.banjo - fiddle]
She and I had lost it long before I met you
We tried and tried but all the love had gone
And I guess respect is all that's kept me with him
Cause there wasn't been no love there in so long
It's not fair and you and I...
Her and him me and you
