My muse turn me into stone
Just let me tear my vocal chords scream to the nation;
Burn the station everybody dies now!
Get down, taste the asphalt
Get down, inhale the blood
Get down, taste the asphalt
One last dance to forget
Drive faster on this highway
When I see the wall I accelerate
Cause everything I knew about you was a lie baby
Come on unleash the monster
Cause I'm sick of breathing ashes
And every time I lick your skin I get intoxicated
Now don't be scared the bell is ringing so come on
Lets ride the beast one more time!

And I wake right beside you but you're miles away
And I'm bleeding to catch you
It's unfair that you left me tied in your bed (tied in your bed)
Resist! Fight the beast!

Get high, to the top
Bleed dry until we stop
The lust is burning in your spine
This is all we have left;
Drive faster on this highway
When I see the wall I accelerate
Cause everything I felt about you was all wrong baby
Forgive my paranoia
I watch you fall in a sea of blades
Cause every time I look behind I see your face darling
Now don't be scared the bell is ringing so come on
Lets ride the beast one more time!

And I wake right beside you but you're miles away
And I'm bleeding to catch you
It's unfair that you left me tied in your bed (tied in your bed)
Resist! Fight the beast!

This is darkness
This is punishment for who I'm becoming for the things
I've done
This is darkness
This is punishment for who I'm becoming for the things
I've done
This is darkness
This is punishment for who I'm becoming for the things
I've done
This is darkness
This is punishment for who I'm becoming for the things
I've done
