As this moment fades away  
I can't help but hold you tight  
And it's raining like hell  
I'm burning for you  
I'm dying to kiss you

I'm sorry if I'm not a man of my word  
You whisper I'm a liar but I swear it's worth  
It's curious how your taste will haunt my tongue  
Forever more

The sweet sound of your voice  
Will crush my muscles and my bones  
To leave me defenceless

May you forgive me  
For biting your lip so hard  
But I'm forced to do this  
I'm burning for you  
I'm dying to kiss you

Don't worry if my heart beats out of control  
I'll be down to your knees asking for more and more  
It's curious how this may change my life so fast

As I drop my umbrella down  
I dive into your mouth and I drown  
You leave me breathless
