3am

Just needles and blood on the ground
Your clothes are dirty and you taste of gasoline
Where have you been?
Where have you been?
In the last three quarters of my life?
Your alibis smells like lies to me

Swollen by the gears of grudge and loneliness you
killed me I'm sure

Take this arch
Take this arch and aim directly to my heart
Just promise me you'll end this when the moment
comes
Don't condemn me
Don't condemn me to live my life in misery
Like you did for years
Shame on our family!

Swollen by the gears of grudge and loneliness you
killed me I'm sure
I bet you'll never come back alive
From your deadly fight with your fate no, you won't

Now I hope you die!
Never wanted you to end this way!
Never wanted this to happen.
God!
Why you let these zombies walk away
Infecting the pure ones?

The only thing left of you
Is this fading picture from the 80s
You were already dead!
You've always been
You've always been the strongest of my enemies
And a model for this dead marked kids!
Swollen by the gears of grudge and loneliness you
killed me I'm sure
I bet you'll never come back alive

From your deadly fight with your fate no, you won't

Never wanted you to end this way!

Never wanted this to happen.

God!

Why you let these zombies walk away

Infecting the pure ones?

Brother put the shotgun down

The snake called revenge will crawl under his bed as
the worst disease ever

Brother put the shotgun down

The snake called revenge will crawl under his bed as
the worst disease ever
