You're out of this world  
'Cause you're into my favourite things  
You're there with open arms  
When I'm close to giving in

I've finally realized  
Now as you are leaving town  
My house is not a home  
Unless you're around

I'll cut the crap, and paste some truth  
I'll blow you kisses as a frisky salute

Just as long as you  
Will stay with me this weekend  
I will not be bored  
I'll stay indoors for a good reason  
Find the word that'll make you smile  
Then you'll be easy on my eyes  
And when you're gone  
At least I'll have something to dream on

Like a golden wrapped bunny  
In a kinky cartoon  
You're a tasty character  
You're bad but never cruel

If we could share  
Some sparkling wine in the park  
I'd welcome autumn  
With summersaults in the grass

I'll cut the crap and paste a fact  
My grey sky will turn blue the day you'll be back

And as long as you  
Will visit me this winter  
I will not get cold  
You'll keep me warm all through the season  
With a word that'll make me smile  
You'll still be easy on my eyes

And when you're gone  
Well, then at least  
I'll have something to dream on
