"It's Over"

I can't hold this state anymore,
Understand me anymore,
To tread this fantasy, openly,
What have I done?
Oh, this uncertainty
It's taking me over

I can't hold this state anymore,
Recognize me anymore,
To tread this fantasy, openly,
What have I done?
Oh, this uncertainty
It's taking me over (X2)

To tread this fantasy, openly,
What have I done?
Oh, this uncertainty
It's taking me over (X3)

Over, oh oh, it's all over
It's taking me over
