You see the enforcements in the far
Feels like there's nothing to hold on, that this struggle
is not yours
And it's lost since long before

The path once clear now remains in fog
Idolatry flanks once flowery paths

Automatically inherited from dark, sterile times
There's sand on poets eyes and mud covers graves
Of who defied sense and perception
In spinning revolutions

Clear your sight as what you know
Doesn't match the tales you're told
The temptation of the souls
Is meaningless to the starry messages

Give a sound to your hidden scream
And a shape to what you can't think

'Till the last moment
Your endeavor moves on
You will be free

A harmony of the worlds is palpable in your eyes
Like a masterpiece of light
Outshines the darkest shadows
The fog just makes a candle in the dark brighter

Clear your sight as what you know
Doesn't match the tales we're told
The temptation of the souls
Is meaningless to the starry messenger

Till the last moment of breath
Your endeavor move towards death

Tiny piece of stardust
You will remain free
