Draggin a lake
draggin a kettlebell
Nothing ever gets done
nothing ever just makes
so much dismantle
Nothing ever gets done
never people in place
Every never is now
every never is now
Find a base
hold your space
like a Spartan
Never fill in the blanks
let em hang in the ranks
Let em crowd up
never cut to the chase (or)
Skip to the bullets and blaze
watch em get loud
Take it
title to credits
Every never is now
every never is now
Clear a space
let it out
okay
Chew at the trap
just a hobby
a fact
An option to counter the doubt
Im so cozy without
Watch em gather whats hunted
and shove in they mouth
See the trouble is humble is over
and modesty suffers it out
Honestly tougher than tissue is now
Leather is
gone with the horse and the plow
Never better when better wont do
Bet on that
they gonna pedal the cure
Coca Cola gave how much to who?

Words subvert subdue
let em sell it to you
(you you)
Nothings better than aiming at nothing
and hitting your mark
Everyones famous
now we can just sit in the dark
And wait
draggin a lake
draggin a kettlebell
Nothing ever gets done
so quick with the take
So quick with the show and tell
Everybody is number one
never nothing for you huh?
(Every never is now)
Take two and call
when you need a few more
You can beat at the door they dont sleep
They dont need it
killin the shakes
keeping the spins huh
Nothing ever gets done
so carried away
now carry the burden
Nothing ever gets done
never no one for you huh?
(Every never is now x4)
draggin a lake
Keeping the cool clothes
nothing ever gets done
Skippin the change
keeping the fools gold
Everybodys so shiny and new
(new new)
Look at you
you got so much to for the work you put in
Look at you
(you you)
stay helping yourself
fill up on the bread

Ill be the ground
nobody gets me down
Ill be the bridge
fall from the highest ledge

Rubbed so raw so wrong so vigorous
Twist that bleed that venom get rid of it all
(every never is now)
Dont sweat nothing

dont mention it
Dont wait anything but forward is a waste of time
(Every never is now)

Ill be the ground
nobody gets me down
living in the crowd
Ill be the bridge
fall from the highest ledge
sleeping in the ditch
