Ah ha..

That's why I be in the back of the club  
You know what I'm talkin' about?  
wit a bottle in my hand,  
blunt of purp in my mouth  
man, chillin' man  
know what I'm talkin' bout?

I'm in the club  
Posted in the back  
Chillin' wit my niggas wit a bottle full of Yak  
Stacks on deck,  
everything in motion  
smokin' on the purp,  
feel like I'm three wheel coastin'  
Cloud nine, floatin'  
Speakers bumpin' loud  
Damn near drunk but still I'm peepin' out the crowd  
Real G's don't date  
Keep a sharp crease  
Fresh tour tee  
Nuttin' but diamonds in the piece  
Slow rollin' up the green  
Checkin' out the scene  
See some niggas in the cut  
Lookin' hard, muggin' mean  
But I ain't stuntin' that  
I gotta keep it movin'  
There's too many bad bitches in here, choose one  
(damn..)

You can find me in the club  
Posted in the back  
rollin' up the purp & I'm sippin' on the Yak  
and I'm just bobbin' my head  
bobbin' my head  
bobbin' my head  
bobbin' my head  
And you can catch me in the whip  
Crusin' wit a chick  
Wit the top let down

ridin' hard, gettin' lit  
and I'm just bobbin' my head  
bobbin' my head  
bobbin' my head  
bobbin' my head

So now I'm two-step groovin'  
Lookin' like a playa  
Loose on the drink  
Gotta a nigga holla'in "Yeah"  
Some niggas jump around  
But they dun'know how to act  
That's why I hit the door  
and head straight to the back  
Ask for a bottle so I can pour a round  
I ain't Yung Joc but it's still goin' down  
Club scene packed  
Niggas steppin' on my feet  
Young girls on the floor walkin' out to the beat  
Young & old niggas on the lean  
Rock it with the snap  
While the G's at the bar bobbin' heads to the track  
Crew thick in this bitch  
Got my goons right beside me  
I just came to chill so you know where you can find me

You can find me in the club

And you can catch me in a fly whip  
wit a bad bitch  
Ridin' through the hood  
gettin' the cornbread & cabbage  
I gots'ta have it  
I'm tryna live lavish  
A loft in Miami,  
spend money like it's a habit  
Let the top drop, while the wheels turn

Down on South Beach  
Let the reefer burn  
Bumpin' Trick Dolla "Only in America"  
Gas on my chest  
So I'm comin' through your area  
Music too loud,  
Couldn't hear what she said  
I ain't Shawna  
but I too was gettin' head  
And if I had some  
I would shake my dreads  
But I don't so I'm in the drivers seat bobbin' my head

You can find me in the club
