Ooh, met you in the summer
In the summer wave
Ooh, but little have you come
Why'd you come my way?

Let's make a plan that let's us both win
And wear a shady grin
Let's stay up late and let it all in
And watch how the others get lost

Fall apart with me
I'll fall apart with you
Fall apart with me
I'll fall apart with you

You hypnotized me through your skin
It's where I wanna begin
You think like I do
And that scares me

Ooh, waiting for the winter
Just to go away
Ooh, a dagger or a splinter
Was the price we pay

To fall apart with me
I'll fall apart with you
Fall apart with me
I'll fall apart with you

Ooh, waited for the summer
But it never came
Ooh, waited to discover
What's your summer name?

Fall apart with me
I'll fall apart with you
Fall apart with me
I'll fall apart with you

Fall apart with me
I'll fall apart with you

Fall apart with me
I'll fall apart with you
