"Flavor of The Month"

Visit "[Flavor of The Month](#)" on MotoLyrics.com

Can you hear it?
Like an invitation
Can you feel it?
It's a revelation

The flavor of the month
Is busy melting in the mouth
Getting easier to swallow
And harder to spit out

Can you hear it?
Does the sound remind you?
Can you feel it?
It's gonna redefine you

The flavor of the month
Is busy melting in the mouth
Getting easier to swallow
And harder to spit out

The flavor of the month
Is busy melting in the mouth

Can you hear it?
Like an invitation
Can you feel it?
A reverberation

The flavor of the month
Is busy melting in the mouth
Getting easier to swallow
And harder to spit out
