When the words that you call your own  
Have a very very foreign tone  
And you feel like you're alone  
And the message that you didn't mean  
Stops a dirty mouth from coming clean  
And the right to be obscene

Well I don't think I'm getting nowhere  
Someone somewhere undestands  
Nearly missing all my marbles  
This is not a perfect plan

And it won't be very long  
Til I'm going going gone  
And is there really something wrong with me?

And if you hide in the meadow maze  
You'll look back on apathetic days  
And you'll feel like mayonaise  
And the faces that you call your friends  
Are expecting you to make amends  
Well I guess it all depends

And it won't be very long  
Til I'm going going gone  
Yeah it won't be very long  
Til I'm going going gone  
And is there really something wrong with me now?

Where is all the healthful breathing  
I'm not leaving until I know  
Waiting for the resolution  
I can't seem to let it go  
And it won't be very long  
She is ? on dry September  
Mr. Member crying ?  
I don't meant to change the subject  
I just want to shut it out, shut it out, shut it out

And it won't be very long  
Til I'm going going gone  
Yeah it won't be very long

Til I'm going going gone  
And is there really something wrong with me now?
